>PROJECT WORK

Portfolio Site | Full Stack Engineer Student | Nucamp Bootcamp

AUGUST 2020 - OCTOBER 2020

Frontend layout and backend for personal portfolio website

- Cross-Platform site built in Bootstrap, HTML, CSS. Re-built using React, and React Native paired with, MongoDB, JavaScript, Redux, and Expo for testing; optimized performance with ES6 syntax.
- Created RESTful API to create, login, and delete users, and provide admin authorization.
- Form validation and user feedback implemented, with data being sent over to backend.
- ReactStrap utilized to ensure mobile responsiveness across all platforms.

UN SDGs & Student Communication | Project Management + Web Management

APRIL 2019 - MARCH 2020

Developed curriculum for student learning regarding United Nations Sustainable Development Goals

- Managed Okayama University's Learning Facility called L-cafe where programs were implemented towards student success; managed global program of college students from multiple universities around the world.
- Created a program called SDG's Cafe where local businesses and authorities would be given opportunity to share their sustainable practices or policies to staff, faculty, and students at Okayama University.

DBU Explore | Project Management + Web Management

MAY 2017 - APRIL 2019

Revamped a program for the International Affairs Department

- Led a successful project geared towards international student recruitment for a 2-3 week summer camp tour.
- Worked alongside multiple university department teams: IT, web, finance, housing, transportation, dining, recruitment, and leadership.
- Communications: met stakeholders needs with overseas partners in China and Latin America, and visa requirements with US embassy.

DBU Teach | Project Management + Web Management

MAY 2017 - APRIL 2019

Developed education program for student study at SMIC Elementary School in China

- Led independent study program for students in cultural perspectives, and 1-month stay in Beijing, China
 - Worked alongside multiple stakeholders in China, US embassy, and University professors and leadership to coordinate a successful program.
-
